"Stambaugh Waltz" was written by Craig Johnson (1953 - 2009).

His comment about it was "This is for my friend Liz Stambaugh".

I don't know anything else about it. I first heard it played on piano by Adam Hurt on his **Artifacts** CD (2016). He plays it at a nice easy tempo (possibly too slow for dancing but I can't verify that).

It was also recorded by The Double Decker String Band on **Giddyap Napoleon** (1980), Boiled Buzzards on **Fine Dining** (1991) and Matt Brown on **My Native Home** (2010).
