"Waiting for Nancy" was written by Curt Bouterse who said:

"This tune was put together in about half an hour while actually waiting for a Nancy to show up for an appointment. She said her car broke down - and I never had reason to doubt her - even though things didn't pan out the way I hoped."

It has been recorded by Bob Carlin, Ken Perlman, The Black-Eyed Susies and others.

I learned this from our Monday night jam list.

Curt Bouterse also wrote "Nixon's Farewell".
