

Cherokee Shuffle (D)

Part A D Bm

G D Bm

G A7 1 D 2 D Part B G

D G D G

D Bm G A7

1 D 2 D

A lot of banjo players and fiddlers call this tune **Cherokee Shuffle** when played in the key of A and **Lost Indian** when played in the key of D. This is the D version which is a crooked tune (having two extra measures in both the A and B parts). The A version, which is a square tune, is also in this section.
