

Got a Little Home to Go To

Am Dm Em7

Am Dm Am

1. 2.

Em7 Am

"Got a Little Home to Go To" is an American reel in cut time and A Minor. The parts are played AA'. The second ending is extended by four measures.

This version of "Got a Little Home to go to/Little Home to go to" is from southwestern Kentucky fiddler W.L. "Jake" Phelps (1885-1977), Pea Ridge, near Elkhart, Todd County. Mr. Phelps was aged 88 at the time of his field recording in 1973 and had a bit of trouble remembering the tune. However, with some encouragement by field recorder Bruce Greene he was able to produce a creditable moderately paced version.

I have set this version in a livelier tempo.

It was printed in Clare Milliner & Walt Koken's **Milliner-Koken Collection of American Fiddle Tunes** (2011).
