"Little Hornpipe" is an American hornpipe or reel in D major.

It was collected from Mrs. Sarah Armstrong in Derry in Westmoreland County, PA on November 18th, 1943 by Samuel Bayard. He wrote that he believed that this tune was derived from "Durang's Hornpipe".

Bayard indicated a repeat at the end of part A and a beginning repeat for the B part but failed to supply a closing repeat for the B part. I have scored it with first and second endings in each part.

The banjo tablature is mine.

It was printed in Bayard's **Hill Country Tunes** (1944).
